

Make booking easy. Keep golfers coming back.

GolfJoy Play brings bookings, payments, memberships and daily operations together for indoor golf venues.

Open in a phone browser. No app download needed.

01

Easier bookings

Let golfers check availability and pricing for themselves.

02

More reasons to return

Make repeat visits simpler with memberships and hour packs.

03

A clearer daily view

Keep bookings, members and bay activity in one back office.

and Alberta approaches with GolfJoy. Your workflow determines the interface, features and implementation scope.

BOOKING EXPERIENCE B | ALBERTA EXAMPLE

Rooms, players and time. Plan them in one view.

Designed around private rooms, varied spaces and group visits. Select a room and exact start time from a daily calendar, then add the session to a booking cart.

Actual Alberta pilot test screen. Configuration and rules are agreed per venue and tested before launch.

01

A daily room calendar

Compare rooms across columns and times down the calendar.

02

Players and duration

Set the party size and duration within room capacity.

03

A booking cart

Organize multiple booking items for review together.

Choose a booking experience for your business

Explore the Chino and Alberta approaches with GolfJoy. Your workflow determines the interface, features and implementation scope.

The sidebar connects your daily management tools. This rate-card example shows pricing by time, bay type and membership status.

Bookings and customers

Revenue and pricing

Venue and service

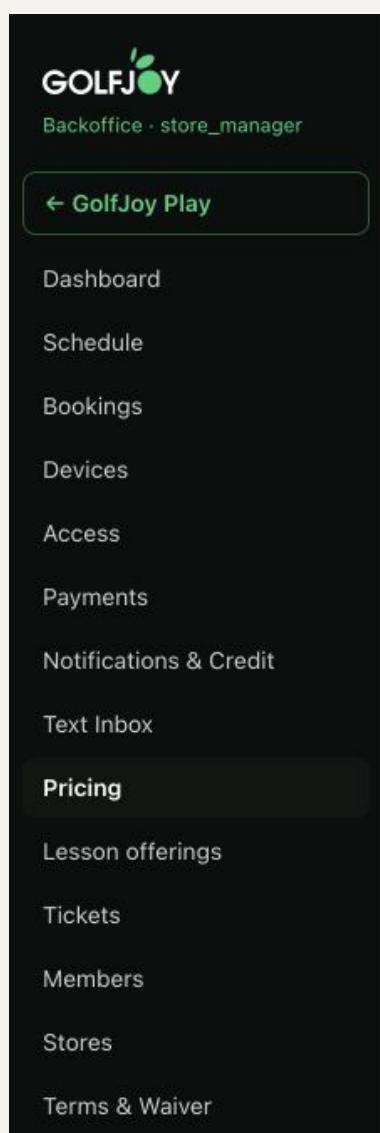

Work with devices, access, support tickets and venue terms.

Explore the modules on the next page. Features, permissions, integrations and service activation are agreed during setup.

EXPLORE THE BACK OFFICE

Tools for the work behind every visit.

Find tools for bookings, payments and on-site service. The navigation shown comes from a test venue-manager account.

**Dashboard**

Review bookings, check-ins, utilization, members and issues.

Schedule

View bay schedules and block time for events or maintenance.

Bookings

Manage bookings, staff-assisted reservations and session status.

Devices

Monitor connected devices and supported controls.

Access

Review booking access, validity windows and delivery status.

Payments

Trace payments, refund status and linked bookings.

Pricing

Set rates by time, bay type and membership status.

Lesson offerings

Configure lessons, duration and prices where enabled.

Tickets

Review customer issues, assignees and resolution status.

Members

Find members, check benefits and share purchase links.

Stores

View store and bay information within your access scope.

Terms & Waiver

Manage terms versions and retain accepted-version records.

IN TESTING: NOTIFICATIONS & CREDIT, TEXT INBOX

For notification billing and text conversations. Production use requires provider activation and acceptance testing.

THE BACK OFFICE | REAL SCREENS

See the day clearly. Make room for events.

Bring daily operating information together and reserve selected bays for events, private hire or maintenance.

02 VENUE TERMS AND WAIVER VERSION MANAGEMENT

GOLFJOY PLAY

Terms and liability waiver

Open customer checkout ↗

Editing terms for Align Golf Studio- Chino. Publishing creates a new permanent version. It never changes an agreement a customer already accepted.

Venue operator legal entity

Align Golf Studio

Confirm this name with the venue's legal or accounting records.

Document title

Booking Terms and Liability Waiver

Actual test screens. The payment record belongs to a test account. No real customer transaction is shown.

CONNECT YOUR VENUE

Bring self-service beyond the booking.

With compatible door and simulator integrations, connect a booking to arrival and play, reducing repetitive on-site steps.

ILLUSTRATIVE CONNECTED WORKFLOW

Door and simulator control

Configure booking-based access, check-in unlock, end-of-session lock and temporary administrator unlock. Door methods, device compatibility and vendor authorization are confirmed per venue and tested on the actual equipment.

Plan additional services

Food service and POS

Discuss ordering, combined tabs, split bills and kitchen displays. Available through venue-specific pilots, with payment devices and delivery scope confirmed separately.

Coaching and practice

Explore lesson booking, coach communication and practice history. Availability depends on venue services. Shot data requires compatible equipment and data integration.

A self-service setup still needs a venue support plan and working equipment, power and connectivity.

START WITH YOUR VENUE

See how Play fits your venue.

Arrange a walkthrough built around your bays, memberships and operating model, then agree the right setup and launch plan.

01

Map your needs

Share your bay count, hours, membership rules and existing equipment.

02

Configure and try

Agree features and service pricing, then try the key workflows in a test environment.

03

Test and train

Check bookings, prices, benefits and payments. Venue staff test physical devices with remote support where needed.

04

Launch when ready

After acceptance and written approval, agree the production service and launch date.

Arrange a venue walkthrough
